Job Opportunity:

CNC Machinist Trainee

Role

This is an exciting opportunity to join a Precision Engineering Company in Huddersfield as a CNC Machinist.

CNC Machining experience not required. Must be numerically and computer literate.

Should be eager to learn and a team player. Good work ethic with a can do attitude.

This is a rare opportunity for someone who has no previous training but would like to start a career in engineering.

If you're looking to re-skill or didn't get the opportunity to train as an apprentice then we'd like to hear from you.

You'll gain the necessary skills to set up and operate CNC machines as well perform general machine shop processes. This is not an apprenticeship; this is an opportunity to work with us which will include informal on the job training from experienced engineers.

Salary – Minimum Wage. Overtime available.

Standard Working Hours are as follows:

Mon - Thurs: 7:15 - 16:30

Fri: 7:15 - 11:30

Overtime available on request.

Benefits:

- On-site parking
- Company pension

Job Types: Full-time, Permanent

About the company

B&B Precision are sub-contract manufacturers based in Huddersfield with a long track record of delivering high quality machined components on time. We have ISO9001:2015 quality approval and supply parts for many different applications.

We operate from a modern manufacturing facility in West Yorkshire just off the M1 motorway. We have a team of apprentice trained engineers with the skills and experience to develop the optimum manufacturing processes to efficiently produce high quality products for our customers.
